SmartHome in der Cloud

everHome EcoTracker P1 Dongle

THE SMART HOME SOLUTION FOR EVERYONE

The everHome EcoTracker reads data from over 100 digital electricity meters and provides it in real-time via the everHome app.

COMMUNICATIO

- Connects to the everHome-Cloud via Wi-Fi
- No Gateway required
- Connect up to 10 devices (like Shelly) in the everHome App
- Connect your inverter or battery storage (Hoymiles, Marstek, Zendure...)

EASY TO USE

- Plug and Play – Just plug it in and get started
- Easy setup via the everHome App
- Automatically switch devices on to increase self-consumption
